for Delay and press the action button to assign a new one. The delay will be defined in milliseconds. The minimum is 100 ms and the maximum is 100 second. The default value is 1680ms.";

**Volunteer Opportunities**

**Volunteers Needed!** Volunteers are key in the success of Sustainable Power's projects, as they are vital in preparing, executing, and reporting on project results. Volunteers are needed to assist in the development, creation, and execution of projects. Volunteers are also needed at the project sites to assist in the installation, maintenance, and repair of renewable energy and sustainable technologies in Riga, Latvia. If you are interested in volunteering, please contact the office directly at Sustainable Power's address on Studenia Boulevard.

**Remote Assistance**

From time to time, volunteers are needed to provide remote assistance. We need people that are technically inclined to assist in troubleshooting and projects using a remote laptop and/or telephone. These are for-credit positions and volunteers are paid at a
